

This is the harmonica tab for my you tube video on how to play the blues scale. The scale is constructed like this: 1, b3, 4, b5, 6, b7, 8.
Play it up and down and try to come up with some licks of your own from it. In addition, play it on various key harmonicas and take note of how it sounds and feels on lower as well as higher key harmonicas. Enjoy!

Hole:	2	3	4	4	4	5	6
Blow/Draw:	D	D	B	D	D	D	B
